

HYPRATEK FLUID POWER PVT LTD

Company:

Hypratek Introduces a comprehensive range of Single Acting Telescopic Hydraulic Cylinders, Suitable for a Wide Range of Trucks and Trailer Body Tipping Application.

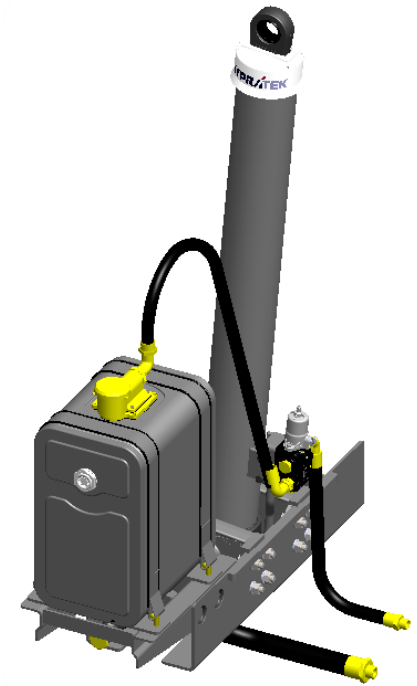

Hypratek designs ,Prototype Hydraulic Tipping System Suitable for all types of Tipper Trucks in India.

Challenge:

- Visualizations was not accurate coz we were working on 2D .
- Development and Prototype Cost
- Shorten Design Cycles

Key Benefits:

- Shortened Design cycle by 40%
- Development and prototyping costs has reduced by 40%
- Reduced design errors by 70%
- Increase sing manufacturing efficiency
- User friendly

Visualization & correction made in drawing' was very difficult to analysis its effect during the assembly in 2d. This problem is solved using SolidWorks”

Raghavendra Shetty.B , Design Manager
